Camille requested someone to audit the MVQ guild treasures books and the Frozen Frohlich checkbook for the past year. Kris volunteered to do the audits.

-Sandi Washek reminded everyone the Minot Quilt Guild has challenged MVQ (or was it the other way around?) to see which guild can have the most members participate in the quilt show at next year's State Fair. This does not mean the most quilts... it means the most members to enter at least one item. You have almost a year to plan!

-Our next general meeting will be November 19.

-Show-N-Tell brought out many beautiful quilts. Two special quilts was made by the "Sister in Stitches" to donate to military veteran Mark Haegele and his family on October 17, 2015 when they receive the keys their new home. Nice Job Ladies.

A number of quilts were also shown and donated to the Warm Start Project

-Meeting ended and the demonstrations for the Girls Night In started with DelRae showing how to make Gift Bags using two fat quarters and Monica showing how to make Fortune Cookies bags using fat quarters and zippers.

Accessory Class

Instructor: Mary Rasmussen

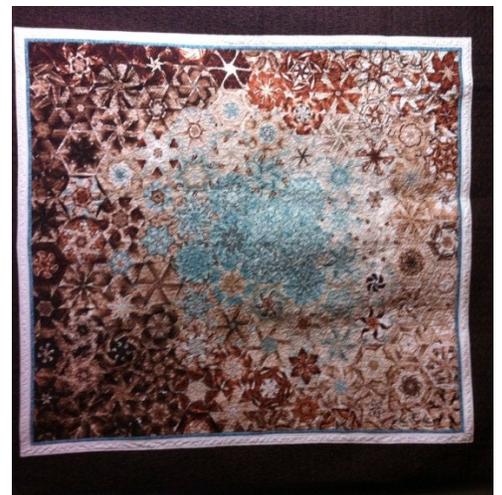

The Accessories class will be making two special items during the frolic weekend. We will be making the Barbados Bag by Pink Sand Beach Designs. This is a great everyday bag with a secure top zipper closure and an additional front zippered pocket.

There are additional pockets on the inside. The finished size of this bag is 10 1/2 W by 10 H. Our second item is the Diva Frame Wallet. This little beauty has 6 card slots, 2 open pockets and a zippered pocket. Did I say two items? We will be making another project on Friday evening, it is a mystery!

One Block Wonder

Instructor: Ashlie Chase

This class will guide you through an unusual method of designing and creating quilts. Instead of starting with a particular pattern of design and then trying to find fabric that will fit that pattern, this approach begins with the fabric: the fabric is the key. Kaleidoscope blocks- each one unique- are produced by aligning the printed designs on several layers of fabric and then cutting and sewing triangles together. Just as the mirrors in a kaleidoscope reflect and repeat an image, each triangle repeats color and pattern to create a new design for each block. Once all the blocks are made, you can begin to design your one of a kind quilt.

Ideas For Christmas Gifts

From Penny Wolf:

Microwave Bowl Holders

These are microwave bowls. They are used to help get hot bowls or plates out of the microwave. You set the bowl/plate inside the cloth bowl when you put them into the microwave, then after heating you can easily take the bowl out by grabbing the cloth bowl instead of the glass one. I hope that makes sense to you.

The pictures show my white cereal bowl inside the small one and my large plates inside the larger one. (Both are there to just so you can get an idea of the size.)
