# ***“Sticks and Stones”***

***An Original Pattern by Diane Rogness***

***Taught by Diane Rogness***

*Here is an easy quilt top to make using "sticks" (a jelly roll or 40 2 1/2 inch strips) and "stones" (a layer cake or 32 10 inch squares). The quilt will finish approximately 72 inches square without borders. It is a good quilt for beginners as the blocks are trimmed before sewing together and whatever size they are, they are. The blocks can be laid out any way you wish similar to the way you would arrange log cabin blocks. This is also a great quilt for those who need to put a quick quilt together or make a couple of quick baby quilts.*

# ***“Wool Applique—With Del Rae”***

***Taught by Del Rae Martin***

I am going to be teaching various ways to do wool applique. I will not have a specific pattern to use for this class. Rather, I would like you to purchase a kit from a reputable quilt shop that appeals to you. I would ask if they have a thread kit that you can purchase to match your kit. If not, after you get your kit I would recommend the Valdani web site or Primitive Gatherings/Buttermilk Basin for pearl cottons to use with your wool kit. My goal for this class is to get you comfortable with different ways to secure wool to the background and exploring different stitches to use to applique and embellish your quilt.
